A7. COIN TELEPHONE SERVICE**A7.1 Public Telephone Service****A7.1.1 Definition And Purpose Of Public Telephones**

A public telephone is an exchange station installed at the Company's initiative or at its option, at a location chosen or accepted by the Company as suitable and necessary for furnishing service to the general public. Public telephones are installed for the use of the general public and their use by any occupants of the premises in which they are located is only incidental to their principal purpose.

A7.1.2 Public Telephone Locations And Requirements

- A. The Company recognizes its responsibility for providing adequate telephone facilities to meet all reasonable public requirements, and the decision as to the extent, character, and location of the public telephone facilities rests with the Company.
- B. In the selection of premises the Company endeavors to secure the most suitable of those available for the purpose, public convenience considered. The character of the premises or the location of the equipment should not be such as to offer risk to the Company's equipment or receipts.
- C. For customers subscribing to Caller ID - Deluxe, as specified in A13.19.2.H. of this Tariff, if the incoming call originates from a Company public telephone, the name information transmitted will always be "Pay Phone".
- D. At the location provider's request and at the Company's option, the Company may restrict calls from being placed at any specific public telephone during certain time of day periods in the interest of public safety and welfare. Access to 911 Emergency Service shall not be prevented at any time.

(N)

A7.1.3 Equipment

- A. Public telephones are ordinarily equipped with coin collecting devices; however, at the option of the Company, Company Attended Public Telephones or coinless public telephones may be furnished.
- B. Booths and other special mountings are furnished when in the judgment of the Company they are warranted by the estimated amount of traffic, or by the character of the location, as in lobbies, waiting rooms, etc.
- C. Extension stations are not furnished in connection with public telephone service.
- D. In all cases, the Company furnishes and displays such of its standard signs as are necessary to properly identify the station.
- E. Public Telephone Service may be arranged to provide Public Facsimile Service and/or to allow Personal Computer access capability in connection with appropriately installed network interface facilities.
- F. At the request of the location provider and at the Company's option Public Telephone Service may be arranged at certain locations, such as airports and shopping centers, to allow local calls to be forwarded to on premise security or information telephone numbers via customized speed dial capability at no charge to the caller. Such calls will be charged to the location provider at the local message rate specified in A7.1.4 of this Tariff.

A7.1.4 Message Charges

- A. Local messages from public telephones are charged for as follows, and long distance messages are charged at the established long distance telephone rates.

1. Local Message charge, applicable only to calls terminating within the Local Calling Area described in A3.6.1.

	Rate	USOC
(a) Each	\$2.25	NA

2. (DELETED)

3. Local Message charge from Academic Institutions, applicable only to calls terminating within the Local Calling Area described in A3.6.1.

(a) Each three minutes or fraction thereof ¹	\$2.25	NA
---	---------------	-----------

Note 1: May be arranged by the administrator of an Academic Institution to terminate after a certain amount of conversation time.

1. May be arranged for outward only calling.
 2. May be arranged to terminate calls after fifteen (15) minutes of conversation time or sooner, at the discretion of the facility administrator, or in cases of emergency in accordance with any Rules or Regulations of the Commission. The Company will not provide credit or equivalent service to the called or calling parties for such calls.
 3. Shall be arranged to block Directory Assistance calls.
 4. Unrestricted public telephone service may be provided at the facility administrator's request in a fully supervised location.
 5. Except as provided below, shall be arranged to allow only 0+ collect calls for local, intraLATA, and interLATA calls and to block all other calling including, but not limited to, local direct, credit card, third number, 1+ sent-paid, 0+ sent-paid, 0- sent-paid, all 0-, 700, 800, 900, 976, 950, 911, 10XXX, and 101XXXX. (C)
 6. May be arranged for seven digit sent-paid local calling and for 0+ collect calling for intraLATA, and interLATA calling.
 7. May be arranged by the facility administrator to limit individual inmate calls to approved telephone numbers.
 8. May be arranged by the facility administrator to block access to certain telephone numbers.
 9. At the request of the facility administrator, call detail information, such as date and time of call, duration of calls, and called and calling telephone numbers, may be furnished to the facility where prison authorities stipulate such information appropriate in preventing or identifying abuse or unlawful use of service and where the prison authorities stipulate that the provision of such information is not in violation of any federal, state or local laws, regulations or orders.
 10. Shall require a positive response (pulse/tone generated response or verbal acceptance) from the called party indicating a willingness to pay for the call.
 11. Shall terminate the call within fifteen (15) seconds or defer the call to an operator if no positive acceptance is received.
 12. Access line service when provided for the exclusive use of inmates may be concentrated one line to three instruments. However, if more than one instrument occupies a single access line, only one instrument may use the line at a given time.
- C. At the request of the facility administrator, the Company may provide inmates with the capability to make local calls to public defender telephone numbers at no charge. Such calls will be charged to the administrator at the local message charges specified in A7.1.4 of this Tariff.
- D. A notice shall be conspicuously displayed near ICS telephones which notifies inmates that the prison facility may monitor, time and restrict service from such phones and that information, such as date and time of call, duration of call, and originating and terminating number, may be furnished to the facility, and further, that the use of these telephones constitutes consent to this service.
- E. Where facilities permit, ICS may be arranged to detect Three Way Calling. At the request of the facility administrator, when Three Way Calling is detected, the call may be disconnected. No credit will be given if such a call is disconnected.

A7.4 Access Line Service For Customer-Provided Public Telephones

A7.4.1 Definition And Requirements

- A. Access line service for customer-provided public telephones is an exchange line service provided at the request of a subscriber for telecommunications use by the general public. Exceptions to this service pertaining to inmates served within the confines of penal, correctional or mental institutions are provided in A7.4.7.
 1. This access line service is provided on a usage rate basis. Where the Area Calling Plan is available, subscribers to customer-provided public telephone service must choose network access and a usage option from A3.2.9.D. Where the Enhanced Area Calling Plan Trial is available, subscribers to customer-provided public telephone service must choose network access and a usage option from A3.10.S.
 2. This access line service is provided for use with customer provided noncoin-operated public telephones or customer-provided coin-operated public telephones.
 3. Completion of local and IntraLATA Toll Messages are provided by the Company.
 4. The subscriber shall be responsible for the installation, maintenance and operation of customer-provided public telephones used in connection with this service.
 5. Customer-provided public telephones must be connected to the Company network in compliance with Part 68 of the F.C.C. Rules and Regulations and must conform to the rules and regulations specified by the Mississippi Public Service Commission.
 6. Access line service for customer-provided public telephones can not be included on accounts containing other classes of service. A separate account is required for this offering at each location.
 7. This access line includes an optional screening feature to prevent third number and collect calls from being billed to the subscriber's line. *With the exception of SmartLine* service provided in A7.8 of this Tariff*, the operator also can not perform coin collecting functions.
 8. The subscriber to this service will be responsible for any and all toll charges billed to the subscriber's account.
 9. Use of the Service
 - a. The service is furnished subject to the condition that all applicable regulations in Section A2. of this Tariff will be adhered to, with the exception of A2.2.1.A. and B., which restrict the use of service and prohibit payment to the customer by another for use of the service.
 - b. The service is provided for use by the subscriber but may be used by others when so authorized by the subscriber, provided that all such usage is subject to the provisions of this Tariff.
 - c. This service is not subject to concessions.
 - d. Suspension of service, as covered in A2.3, is not available to Public Telephone Access Service for CPE unless the instrument is totally inaccessible to the general public on a temporary basis. In all cases, the decision to permit temporary suspension of service for Public Telephone Access Service for CPE rests with the Company. If the service is suspended, it will be at full rate.
 10. *With the exception of SmartLine* service provided in A7.8 of this Tariff* customer-provided public telephones may not be attached to other types of access lines.
 11. For customers subscribing to Caller ID - Deluxe, as specified in A13.19.2.H. of this Tariff, if the incoming call originates from a customer provided public telephone, the name information transmitted will always be "Pay Phone".

A7. COIN TELEPHONE SERVICE**A7.4 Access Line Service For Customer-Provided Public Telephones (Cont'd)****A7.4.6 Reserved For Future Use****A7.4.7 Customer Provided Public Inmate Calling Service (CPPICS)**

- A. Customer Provided Public Inmate Calling Service (CPPICS) is an access line service for customer-provided public telephone service when provided for exclusive use of inmates served within the confines of a penal, correctional or mental institution.
- B. Access line service for CPPICS when provided for the exclusive use of inmates may be concentrated one line to three instruments. However, if more than one instrument occupies a single access line, only one instrument may use the line at a given time.
- C. Rates charged by the subscriber utilizing these access lines shall not exceed Company rates, (including operator surcharges) for local and intraLATA calls, and shall not exceed AT&T's rates for interLATA calls.
- D. In lieu of Public Telephone Access Service as described elsewhere in A7.4, CPE stations subscribing to CPPICS are provisioned by the customer as follows:
 1. Shall be arranged for outward only calling.
 2. May be arranged to terminate calls after fifteen (15) minutes of conversation time or sooner, at the discretion of the facility administrator, or in cases of emergency in accordance with any Rules and Regulations of the Commission and upon notification to the Company of such an arrangement. The Company will not provide credit or equivalent service to the called or calling parties for such calls.
 3. Shall be arranged to block Directory Assistance calls.
 4. Unrestricted public telephone service may be provided at the facility administrator's request in a fully supervised location.
 5. Except as provided below, shall be arranged to allow only 0+ collect calls for local, intraLATA, and interLATA calls and to block all other calling including, but not limited to, local direct, credit card, third number, 1+ sent-paid, 0+ sent-paid, 0- sent-paid, all 0-, 700, 800, 900, 976, 950, 911, 10XXX, and 101XXXX. Where, however, the customer-provided stations can block additional digit dialing after initial call set-up, 1+ long distance and seven digit local calling may be permitted.
 6. May be arranged for seven digit sent-paid local calling and for 0+ collect calling for intraLATA, and interLATA calling.
 7. May be arranged to limit individual inmate calls to approved telephone numbers at the facility administrator's request.
 8. May be arranged to block access to certain telephone numbers at the facility administrator's request.
 9. At the request of the facility administrator, call detail information, such as date and time of call, duration of calls, and called and calling telephone numbers, may be furnished to the facility where prison authorities stipulate such information appropriate in preventing or identifying abuse or unlawful use of service and where the prison authorities stipulate that the provision of such information is not in violation of any federal, state or local laws, regulations or orders.
 10. Shall require a positive response (pulse/tone generated response or verbal acceptance) from the called party indicating a willingness to pay for the call.
 11. Shall terminate the call within fifteen (15) seconds or defer the call to an operator if no positive acceptance is received.
 12. Access line service when provided for the exclusive use of inmates may be concentrated one line to three instruments. However, if more than one instrument occupies a single access line, only one instrument may use the line at a given time.
